Dear W / Lead

It was extremely difficult to be able to speak with you yesterday due to the many people wishing to congratulate you on your film but I would like to take this opportunity of adding my own personal congratulations on a truly magnificent piece of entertainment which I am positive will make money not only in this country but throughout the world as it is the sort of entertainment which the cinema is crying out for today.

There are a number of Klinger touches throughout the film which showed what a lot of thought had gone into putting the maximum on the screen and to take advantage of the area in which the film was being shot.

Once again, congratulations on a wonderful effort.

With kindest personal regards,

Yours sincerely,

Michael-L. Green
